NovaHome Care
Execution Booklet

Introduction

WHAT IS NOVAHOME CARE?

NovaHome Care is an AI-powered home care platform dedicated to delivering comprehensive non-medical caregiving solutions. Our mission is to enhance the quality of life for seniors, individuals with disabilities, and families by integrating advanced technology with personalized care.

AI-Powered Home Care Solutions

Our platform leverages cutting-edge AI technology to

- Automate caregiver-client matching based on specific needs, availability, and expertise.
- Provide real-time scheduling and service coordination.
- Enhance care quality through continuous monitoring and reporting.
- Support care agencies, individual caregivers, and families with a streamlined, technology-driven solution.
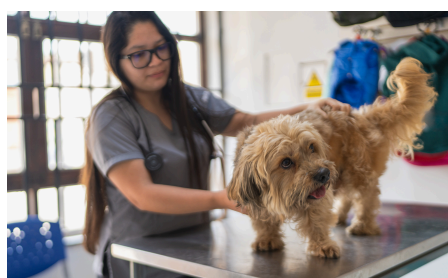

Our Services

**NOVAHOME CARE OFFERS A DIVERSE RANGE OF NON-MEDICAL CAREGIVING SERVICES, INCLUDING**

SENIOR CARE

Personalized assistance with daily living activities.

PET CARE

Dog walking, pet sitting, and feeding assistance.

BABYSITTING & CHILDCARE

Trusted babysitters for families.

MEDICAL APPOINTMENT TRANSPORTATION

Safe, reliable transport for medical visits.

Key Players and Features

Caregivers : We recruit, train, and certify caregivers to become licensed professionals.

Our comprehensive training program includes:

MENTORSHIP AND SHADOWING

New caregivers work alongside experienced professionals to gain practical experience.

STANDARDIZED TRAINING

Ensuring consistency and quality in care delivery.

ONGOING EDUCATION

Continuous learning opportunities to stay updated on best practices and new developments in the field.

Care Recipients & Family Support : This section addresses both individuals receiving care and their families or responsible guardians who seek quality caregiving solutions.

NovaHome Care provides:

PERSONALIZED CARE PLANS

Tailored caregiving solutions based on individual needs.

USER-FRIENDLY PLATFORM

Easy access to caregiver schedules, support resources, and service tracking.

24/7 SUPPORT SERVICES

Ensuring immediate assistance for care-related concerns.

SEAMLESS COMMUNICATION

Keeping families informed with real-time updates.
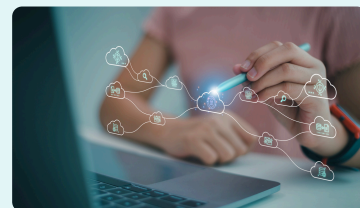

This ensures that both care recipients and their families receive high-quality, reliable, and transparent caregiving services.

Key Players and Features

Durable Medical Equipment (DME) Partners:
Our DME partners have access to a dedicated dashboard where they can:

Offer Product Samples : Introduce new products to clients.

Sell Products Directly : Streamline the purchasing process for clients.

**Manage Inventory :** Keep track of available products and supplies.

This integration ensures that clients receive the necessary equipment promptly, enhancing their care experience.

Other Home Care Services:
We provide white-label solutions, allowing other home care agencies to:

Customize Our Platform : Rebrand and tailor features to align with their business identity.
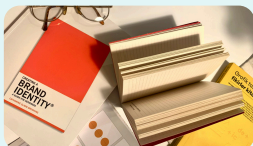

Expand Service Offerings : Utilize our comprehensive suite of services to enhance their own.

Leverage AI Technology : Improve operational efficiency and care quality.

This flexibility supports business growth and scalability.

Key Players and Features

Medical Billing Partners
Our platform facilitates seamless integration with medical billing partners, offering:

Efficient Billing Processes : Streamlined invoicing and payment systems.

Compliance Management : Ensuring adherence to regulatory standards.

Financial Reporting : Detailed analytics and insights for better financial management.

This integration simplifies administrative tasks, allowing caregivers to focus more on patient care.

This flexibility supports business growth and scalability.

AI-Driven Caregiver Matching & Scheduling

Our AI-powered system ensures:

OPTIMAL MATCHES

Pairing clients with caregivers who best meet their needs and preferences.

AUTOMATED SCHEDULING

Efficient management of appointments and availability.

REAL-TIME UPDATES

Keeping all parties informed of any changes or updates.

This leads to improved satisfaction and outcomes for both clients and caregivers.

Government Contracting Opportunities

//

Medicaid & Medicare Home Care Programs
Providing services to beneficiaries

//

State-Funded Senior Assistance Initiatives
Participating in programs aimed at supporting the elderly.

//

Veteran Support and Disability Services
Offering specialized care for veterans and individuals with disabilities.

//

Local Community Caregiving Programs
Engaging in community-based initiatives to provide care services.

Franchise & White-Label Licensing Opportunities

Businesses can franchise or license NovaHome Care to:

EXPAND THEIR SERVICES

Incorporate our offerings into their existing business model.

UTILIZE OUR TECHNOLOGY

Benefit from our AI-driven platform to enhance operations.

ACCESS TRAINING AND SUPPORT

Receive comprehensive guidance to ensure successful implementation.

This model supports business growth and the dissemination of high-quality care services.

Case Studies & Success Examples

NovaHome Care has successfully helped:

A home care agency scale its operations using AI scheduling.

A small caregiving business expand through white-label licensing.

Families find reliable and AI-matched caregivers quickly.

Collaboration with Private Insurance

NovaHome Care collaborates with private insurance providers to:

- Offer covered caregiving services under certain policies.
- Reduce out-of-pocket costs for families.
- Expand insurance-backed home care options.

Strategic Market Positioning

GROWTH

NovaHome Care stands out through:

AI-powered automation and efficiency.

Scalability via white-label solutions and franchises.

Government and insurance partnerships for market expansion.

Technology-driven caregiver-client coordination.

Sales & Marketing Execution Roadmap

B2B PARTNERSHIPS

Target home care agencies, insurance companies, and government programs.
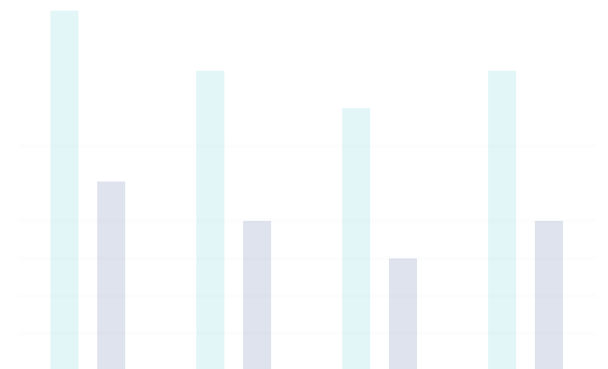

DIRECT-TO-CONSUMER MARKETING

Engage families through AI-powered recommendations.

GOVERNMENT CONTRACTS

Position for Medicaid, Medicare, and state caregiving initiatives.

WHITE-LABEL & FRANCHISE EXPANSION

Offer licensing to business partners.

Conclusion & Next Steps

NovaHome Care is transforming the caregiving industry through AI-driven automation, scalable business solutions, and government integration.

The next steps involve:

- Expanding B2B partnerships and licensing.
- Securing government contracts for home care services.
- Scaling insurance collaborations for caregiver reimbursement.
- Enhancing AI features for better client-caregiver matching.
